Presseinformation:

PETnology announce their second Asian conference for the PET Industry:

**PETnology Asia 2006:
PET Strategies: Technology, Markets, Marketing
9th Strategy and Business Conference for the PET Packaging Industry
Shanghai, China, October 30-31, 2006**

Sehr geehrte Damen und Herren,

Today we are pleased to inform you about the date set for our 3rd Asia conference, „**PETnology Asia 2006**“: It will be held on October 30-31 in Shanghai at InterContinental Hotel Shanghai Pudong.

On the basis of market developments and technical innovations, it becomes more and more obvious that manufacturing of PET packaging has become one of the most innovative production technologies in the global packaging market. China is facing unprecedented growth of the PET industry and especially in manufacturing PET packaging. **PETnology Asia** aims at serving this fast developing region with comprehensive information and the possibilities of establishing valuable contacts.

The following topics will be discussed:

- Markets, Market and End User Trends
- Challenges for PET in the areas of food and beverages
- PET Materials and Additives
- Alternative Materials, e.g. renewable PLA Polymers
- Packaging and Closure Developments
- PET Engineering
- PET Recycling
- Aseptic Filling

During the conference there will be simultaneous interpreting of all presentations and lectures in Chinese and English. All slides will be presented simultaneously on two screens in English and Chinese. The conference handbook containing the print-outs of all presentations will be available in Chinese and English.

On the PETnology Website www.petnology.com all information on the event will be kept updated. Participants will find additional information and allow to network with other participants even before the event.

We would be more than happy if you would announce the conference in your journal and include it into the event calendar. Our conference logo is also available in printing quality. Please feel free to contact us at any time.

Kind regards

PETnology GmbH
